

As soon as the first streaks of water were taken to the roof, Chief Benson ordered a hole cut in the roof. This hole was soon made and the firemen

TWENTY-FIVE OVERCOME BY GAS AT ZANESVILLE SKATING RINK

A Leak in an Open Stove in the Ladies' Dressing Room Affects Seriously Over Two Score, But None Will Die--a Panic Was Averted by Management's Prompt Action.

Zanesville, O., Feb. 9.—While skating was at its height at the pavilion of the Elite Roller Rink Co., on South Sixth street last evening about 25 of the patrons were overcome by escaping gas from an open front gas stove in the women's dressing room, and only timely action on the part of the management and the quick summoning of physicians is thought to have prevented the asphyxiation of a number. Great presence of mind on the part of a few also accounts for the many hundreds of patrons being handled in such a manner as to avoid a panic among the skaters that crowded the pavilion, a stampede being imminent when the first victims were noticed keeling over. Early medical attention caused the reviving of those overcome and at this time none of the 25 victims are thought to be much the worse for the occasion.

Those overcome by the escaping gas were as follows:

Mrs. C. I. Schooley, Brighton boulevard.
Mrs. J. L. Sealover, Marietta road.
Miss Mabel E. Hall, Linden avenue.
Miss Eva Morrison, South Sixth st.
Mrs. Ray Quick, South Seventh st.
Miss Pearl Johnson, Wayne ave.
Miss Pearl Steele, Amelia street.
Miss Blanche Jenkins, Beaumont street.
Miss Margaret Snyder, Bellknapp st.
Miss Myrtle Fulton, Hazlett court.
Miss Bula Waller, Jefferson st.
Miss Caroline Snyder, Bellknapp st.
Warren Lewis, Main street.
Roy Grimsley, South Fifth st.
Patrolman John Davis, Main st.
Mrs. Charles Beall, Brighton boulevard.

A number of others were slightly affected by the escaping gas, mostly the boys who are employed by the management to assist patrons in putting on and taking off skates, in all making about 25 that were afflicted. About 8:30 o'clock last evening the about the victims at the roller rink were noticed to have been overcome by gas. These first victims were the boys employed to put on and take off skates, and it is thought their stooping postures, also the fact that the escaping gas was near the floor, accounts for their early affliction.

These boys, one by one, sought an exit to the pavilion and were seen out in the open air. Their condition improved rapidly. Following the effects of the escaping gas on these boys other people patrons who were skating in the pavilion, were overcome. When it was noticed that others were being overcome by the fumes of the gas, steps were immediately taken to prevent a panic. The reason of these being overcome was rapidly told among the skaters and it was but a question of a few moments, or how soon a rush and pushing to escape from the building would follow. Instructions were given to the band musicians to play "Home Sweet Home." The strains of this song told the hundreds of patrons that the skating would soon be stopped, although the evening was but little advanced.

By this means of procedure no panic was experienced. Those who had been overcome were taken to the open air and physicians were soon at hand. Those offering medical attention were Drs. J. L. Holden, J. G. P. Holston, A. H. Gorrell, H. R. Greer, Stanley Allen, C. C. Hanna, G. Von Vernon and C. M. Lenhart.

A number of the victims were attended at the roller rink, while many were hastened away in cabs to the offices of physicians, others to their homes. A peculiar thing about the

north of the Columbus road and west to the west line of Harrison township north to the north line and east four miles. Butler was an expert shot with a rifle.

It was quite a common pastime for men to meet on a dark night, measure off 100 yards, light a candle and see who, off hand, could snuff out the light without disturbing the candle. Butler could do it every time; the others sometimes.

Sol Channell probably killed more bears and foxes than any of his col leagues. Channell was the trapper of the section, and many are the others heavers of the section that have fallen into his hands. He could line a better tree also more surely than any other man in the country.

Alph. Channell, Joel Williams and Joe Shriner were expert hunters generally.

All of these men, and probably the best hunters before them, knew of, and had occupied on divers occasions while in the vicinity during the storm, the "Old Hollow Sycamore" tree that once stood on the land now owned by Ben Moreland, northeast of Pataskala. This tree had an opening on the south side large enough to admit a man. It was ten feet in diameter, and the interior was of such dimensions as made it an admirable camping place.

The last bear known to have been killed in the western part of the county was killed by Sol Channell. It was in the extreme southern part of St. Albans township, just west of where Thomas Harris now lives. As Channell was out hunting one day his course being along a branch of what was known as Moon's run in the above neighborhood, he espied a bear peering out at him from his den in the top of a large sycamore stub, the top of which had been broken off. At first he hesitated to shoot, fearing the bear would fall back into the hollow tree and cause him trouble to secure the carcass. He finally concluded to take a shot and at once put a half ounce ball through the animal's heart. It is death struggles the bear kicked it self out of its den and fell to the ground dead. This happened about 1820. The little stream has been ever after called "Bear Run."

The last wolf was killed on the north part of what is George Palmer's farm, northwest of Pataskala and near spring, about the year 1825. Leverett Butler informed the writer of this fact but we have forgotten the name of the hunter that did the killing. The last deer was killed by John Baker in the early '40's in the then big wood south of the Richard Courtes farm.

The last otter was killed by Samuel Wells on the creek below Pataskala in or near the Abe Miller farm. The last wild turkey was killed by George Merker in the southwestern corner of St. Albans township. As there are a few more rare feline animals near "Solly" killed the last year, we will leave them until black berry time.

ED. ANGEVINE.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do exist, their belief is compelled by the fact that a rabbit inoculated with these germs became bald in six weeks' time. It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ which acts successfully accomplishes in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co. Detroit, Mich.

HELEN KELLER

BROKEN DOWN

Her Efforts on Behalf of the Deaf and Dumb and Blind Causes a Collapse.

Boston, Feb. 9.—Miss Helen Keller, deaf and blind girl, whose career has been watched for a decade all over the civilized world, has broken down under the severe strain of her studies and her efforts since leaving school in behalf of the deaf and blind, and is seriously ill at the home of John A. Macy, West ham, Mass., where she resides.

Miss Keller is confined to her bed in a state of almost complete collapse. Doctors say it will probably be months before she will be able to again undertake the work she has mapped out for herself in behalf of the suffering from similar afflictions.

She, however, mentally alert and energetic, realizes the necessity for absolute rest and has patiently received the verdict of the attending physicians. Miss Keller's breakdown was entirely unexpected to her friends, and came as a great surprise. She had apparently been enjoying unusually good health until last week when she attended a meeting in behalf of the deaf at Portland, Maine. The strain of the journey and the meeting and receptions tendered her proved too much, however, and on her way back to Boston last Friday she fainted and remained unconscious two hours.

Since reaching home she has been confined to her room and for the last three days has been in bed.

BAD BLOOD WEAKENS THE SYSTEM AND INVITES DISEASE

Every part of the body is dependent on the blood for nourishment and strength, and when from any cause this vital stream of life becomes impoverished or run-down, it invites disease to enter. No one can be well when the blood is impure; they lack the energy that is natural with health, the complexion becomes pale and sallow, the vital energies are at a low ebb, and they suffer from a general broken-down condition of health. The system is weakened and unable to resist the diseases and disorders that are constantly assailing it. The Liver and Kidneys, failing to receive the proper stimulation and nourishment from the blood, grow inactive and dull, and the waste matters and bodily impurities that should pass off through these channels of nature are left in the system to produce Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases or some other blood disorder. When the blood is in this weakened and diseased condition it should be treated with a remedy that is not only thorough, but gentle in its action. S. S. S., a purely vegetable remedy, made of roots, herbs and barks, is just what is needed. It not only cleanses the blood of all impurities and poisons, and cures and strengthens it, but gently builds up the entire system by its fine tonic effect. S. S. S., reinvigorates every member of the body, gives tone and vigor to the blood, and as it goes to the different parts, carries robust health and strength. S. S. S. acts more promptly and gives better results than any other medicine. It cures Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases and all other blood disorders, and cures them permanently. Our Medical Department will be glad to give advice without charge to all suffering with blood or skin diseases. Address

THE SWIFT SPECIFIC CO., ATLANTA, GA.

VINOL'S RELIABILITY

Countless Physicians Join With Mr. Hall in Recommending Vinol.

Countless physicians and druggists are now prescribing and endorsing Vinol as the most valuable cod liver preparation known to medicine, and it is fast superseding all other forms of cod liver oil.

A prominent physician writes: "I am satisfied that Vinol derives its wonderful life-giving and strength-creating power from the medicinal curative elements found in the cod's liver. It is the best strength creator and vitalizer for old people, weak women, children, and the convalescent that I ever saw."

Another physician writes: "I could cite many instances where health has been restored in a surprisingly short time by Vinol. I should be very sorry to have to do without Vinol in my practice. It has no equal for hard colds, throat and bronchial troubles." Now, when we tell you that we have never sold in our store a remedy of such remarkable curative and strength-creating power as Vinol, for the weak, the sick and the aged, and that if it fails to accomplish what we say it will we will refund your money without question, no sailing person should hesitate to try Vinol with such an understanding.

In cases where cod liver oil, emulsions and other tonics fail, Vinol will heal, strengthen and cure. Frank D. Hall, Druggist.

STATE CONTINUES

(Continued from Page 1.)

ing, but the witness was not sure as to the signature.

The witness also, in the cross examination, said that he believed the signature of the receipt signed Josephine and William C. Armstrong, was in the defendant's hand writing. Other orders and receipts were presented to the witness who in some cases claimed he signature to be in the defendant's handwriting and others, not.

FRIDAY AFTERNOON.

The Friday afternoon session of the Lingafelter trial was attended by an immense crowd of spectators. Receiver Webb resumed the witness stand.

In questioning the witness regarding his testimony at the Mt. Vernon trial of this case, Attorney B. G. Smyth attempted to confuse the witness, but Mr. Webb answered the questions of the attorney for the defense in a manner which evinced no confusion whatever.

"Did you make out an account as receiver against James F. Lingafelter?" asked Mr. Smyth.

"There was such an account made out under my direction," showing the witness a document.

"I don't know."

"Do you know the hand writing on that document?" "Yes, I think I do."

"Whose is it?" "I think it is Joe Pugh's."

"Is he a clerk of yours?" "Yes."

"Was it made out under your authority?" "I think it was."

Upon demand of the prosecution the book containing the account was submitted to Attorneys Fitzgibbon and Hunter, for examination. He was asked, "Who was this account presented to?" "To Referee Charles M. Rogers."

"Mr. Webb, if you're of the opinion that Robert Lingafelter signed this receipt of Theo. Taylor, why did you charge it to James Lingafelter under oath in this account?"

"Because I thought him to be responsible."

"Did you include this in the suit against Mary J. Lingafelter?"

"I don't know."

"Did you charge these to James F. Lingafelter in your petition?"

"I charged all shortages to James F. Lingafelter as secretary of the Building Association."

"Was it the practice to make up a cash account in the evening?"

"Yes."

"When you say, Mr. Webb, that you are acquainted with Robert Lingafelter's handwriting, you mean his regular natural hand writing, don't you?"

"Yes, sir."

The re-examination was then begun by the prosecution, regarding those who had access to the books or were allowed behind the counter. This testimony was brief, and John Moore was called to the stand. He testified that since 1890 he had been connected with the Newark Savings Bank company.

"What business relations existed between the bank and the Building Association?"

"Mr. Lingafelter was cashier of the bank and secretary and manager of the association."

Later the prosecution asked, "What access would Robert Lingafelter have behind the counter at the bank?"

"He wasn't barred from behind the counter."

Here the defense objected to the style of questioning.

"I will ask you Mr. Moore, what opportunity you had of familiarizing

yourself with the handwriting of Robert Lingafelter?"

"He worked with me in the bank under his father."

"Now, Mr. Moore, in whose hand writing is that order?" showing a receipt.

"Robert Lingafelter's."

Then showing a receipt signed Theo Taylor the witness stated that to his belief the signature was in Robert Lingafelter's hand writing. A number of other certificates and receipts were identified by Mr. Moore with the same statement regarding the signatures, including those of Theo. Taylor's and Josephine Armstrong.

WINTER DIAMOND GOSSIP

Lefty Boyle, with Arion last year, has signed with Montgomery, Ala., in the Southern League for 1906.

Joseph Chavaler, the crack young twirler of Newport, Ky., will join the coming season for Wheeling, in the Pennsylvania Ohio West Virginia League.

G. G. Travis of East Liverpool, O., sends out the following: "We can use a good left-hand pitcher and a good catcher who can hit on our Pennsylvania-Ohio-West Virginia League team."

"I suffered habitually from constipation. Dean's Regulates relieved and strengthened the bowels, so that they have been regular ever since."—A. E. Davis, grocer, Sulphur Springs, Texas.

TO CUST DOLAN.

President Mitchell Decides Convention Has the Power.

Pittsburg, Pa., Feb. 9.—Notwithstanding the fact that President John Mitchell, of the United Mine Workers of America has decided that local district No. 5 has the power in its present convention to oust President Dolan and Vice President Bellingham, of district No. 5, President Dolan still maintains that he was elected by a referendum vote and can be removed only in the same manner. President Dolan still defies the delegates and refuses to vacate his office and a split in the district is not beyond a possibility, according to some of the delegates who announce that Dolan has received a number of telegrams and letters advising him to fight the issue, and if defeated to start an independent organization. President Mitchell's decision was made public by his instructions to National Vice President Lewis, who read them to the convention.

An Interruption.

A teacher in a western public school was giving her class the first lesson in subtraction. "Now, in order to subtract," she explained, "things have to always be of the same denomination. For instance, we couldn't take three apples from four pears nor six horses from nine dogs."

A hand went up in the back part of the room.

"Teacher," shouted a small boy, "can't you take four quarts of milk from three cows?"—Detroit Free Press.

In Doubt.

He—You might as well acknowledge that from the first you intended to reject me.

She—Oh, nonsense! Why, half the time I didn't know whether you were going to propose.—New York World.

Menacious Treatment.

McWilla—How'd you husband hit you any more? Why, before soon after de marriage he used to say for a good wife you'd be record.

Lulu—Yes, en now he comes home en tries to beat de record.—Chicago News.

Just the Trouble.

Fess—Why did you hit Montgomery? I thought you said he was your ideal man.

Tess—He was, but I wanted a real man.—Cleveland Leader.

Mean of Her.

"I should so like to have one of those roses in my coat when I go."

"Shall I put one in now?"

"Get The Habit"

LITTLE LOCALS

LIGHTIG, for correct eye glasses and spectacles. 31 1-2 South Park Room 4. 22dtt

Adonis Club.

Adonis Club will give a free dance at Assembly Hall Saturday night. Marsh's orchestra. 8-2t

Both Choirs Will Meet.

Both the senior and junior choirs of St. Paul's Lutheran church will meet tonight at 7 o'clock.

Home Made Baking.

Please remember the sale at the rest room Saturday morning, beginning at 8 o'clock. Pie, cake and bread.

Will 3 Jolly Handle Crowd.

The Columbus, Buckeye Lake and Newark, and the Columbus, Delaware and Marion jointly will handle the Reynoldsburg High school from Reynoldsburg to Worthington Friday evening. The young folks will have a special car which will be run through via Columbus.

Meetings at U. B. Church.

The meetings at the United Brethren church are growing in spiritual power. The service Thursday night was a most precious one, five being at the altar of prayer and four confessing faith in Christ as their personal Savior. There will be no service on Saturday night, but the doors of the church will be open on Sunday for the reception of members and the administration of the ordinance of baptism.

At Taylor Hall.

Kenyon College Glee and Mandolin club at Taylor Hall, Tuesday evening at 8 o'clock. The concert for the benefit of the Daughters of Trinity church. Admission 25 and 35 cents. Tickets on sale at the Y. M. C. A. beginning Monday morning, or from personal solicitors, yellow tickets to be exchanged for 35 cents reserved seats and pink tickets for 25 cents reserved at Y. M. C. A. beginning Monday morning. College songs, college music and a jolly evening with college men. 9-24t

Services at Church of Christ.

At the services at the Central Church of Christ last night it was necessary to open the Sunday school room to accommodate the large audience. The interest deepens, and many are thoughtful about their souls. Miss Hall's songs are inspiring and helpful. Tonight, assisted by the chorus, she will sing the song used by Mr. Alexander during the great Welsh revival, "That Means Me." Her special number will be "Bethany." The sermon subject will be "Making the Most of Both Worlds." All are cordially invited. You will be welcomed. Come.

A Chance for the Boys.

At a meeting of Local 71 I. A. T. S. E., (Stage Hands' Union) a course of procedure was decided on entirely an apprentice, heretofore some one of different from the past. In securing the many boys around the bill room has always been selected, but a new plan will be carried out. Each white person over 17 years of age attending the "Little Homestead," February 11 will be presented with a number, a duplicate of which will be kept, and

at the ensuing drawing the holder of the lucky number will be the accredited apprentice. This only applies to the boys in the gallery.

Prof. Kline's Salary.

Prof. Kline, who recently resigned as teacher of the high school commercial course, goes to Toledo for a salary of \$1350 instead of \$1200 as has been stated.

Sister Is Dead.

Mrs. B. G. Schilling of 92 Oakwood avenue received the sad news of the death of her sister, Mrs. E. V. C. Llewellyn, Marwood, Butler county, Pa. She died with heart failure on Tuesday morning.

Foreigner Missing.

Sam Yshwine, a foreigner, is very much wanted in Newark's little Hungary. He has been absent from the city since 3 o'clock Thursday afternoon. Alx Sana who keeps a boarding house in West Newark, filed a long complaint against Yshwine at the police station Thursday night, and now the police are looking for a foreigner who is of medium height and wears a brown pair of trousers. Sana alleges that Yshwine eloped with \$70 belonging to one of Sana's boarders, one Frank Benedick by name. In addition to this Yshwine neglected to pay a back board bill which was no small item. The meager description which was furnished the police will hardly result in his capture, though the local police department is keeping a close lookout for the man.

Married—At the residence of the officiating minister, Rev. Henry Fulton, February 9, 1906, Mr. Roy Kline of Zanesville, and Miss Laura Minnier of this city.

OBITUARY

MRS. MARGARET McADAMS.

Mrs. Margaret McAdams, one of the oldest women of Newark, died about 10 o'clock Friday morning at the home of her son, Charles McAdams, 434 West Main street. The deceased was aged 94 years and is survived by one son and two daughters. The remains will be taken to Zanesville for interment Sunday afternoon.

MRS. ELLEN MARTIN.

Mrs. Ellen Martin, aged 73 years, died at 5:30 Thursday evening at her home a few miles west of the city after a long illness. The deceased is survived by two sons and the remains will be taken to the home of her son Thomas Whiteford near Chatham. The funeral will be held Sunday morning at 10:30 o'clock, interment in Chatham cemetery.

Village Blaze.

Madisonville, Ky., Feb. 9.—Fire which broke out in the business center of Providence, a town of 1,500, in Webster county, for a time threatened to wipe out nearly the entire city, but was finally brought under control with a total loss of only \$10,000. The principal losers were Frank Martin, store; Montgomery Bros. building and stock; C. S. Bree, building and stock; B. F. Jennings, building and furniture stock and other small losses to adjoining property.

Shot Wife and Self.

Chicago, Feb. 9.—John Crimmins, a retired contractor, shot his wife and then shot himself. Both are expected to die. It is believed that the mind of Crimmins was affected because of illness from which he has suffered for a long time.

Destroyed by Fire.

Shamokin, Pa., Feb. 9.—Two four story brick buildings in the heart of the business section of this place were destroyed by fire, entailing a loss of \$150,000, against which there is an insurance of \$75,000.

A Case of Rubber.

Mother—What have you children been doing with that plant? The Firstborn Uncle said it was an India rubber plant, and we tried to make it bounce a bunch.

COURT HOUSE NEWS.

Probate Court.

The first official business that Probate Judge E. M. P. Brister transacted when he went into the Probate Judge's office fifteen years ago was to issue a marriage license. By a peculiar coincidence his first official action Friday morning was to issue a marriage license to Ray Kline of Zanesville, and Miss Laura Minnier of Newark.

Application was made to probate last will and testament of Thomas A. Go, deceased, late of Hanover township.

The hearing of the exceptions to the inventory in the case of Varner vs. Varner, will be heard in the Probate court tomorrow.

Herbert A. Conley as administrator of the estate of the late John W. Conley, has filed his inventory and appraisal.

In the case of Carrie Brothers vs. Engelbert Brothers, the defendant has filed his amended answer with the clerk of the court.

In Squire's Court.

Frank A. Bolton, city solicitor on behalf of the City of Newark, has commenced suit in Squire J. R. Atchley's court against the trustees of the Soldiers' and Sailors' Memorial building and the managers of the Auditorium for \$75 for their failure to pay the license required by ordinance passed May 2, 1901. Hearing February 14 at 10 o'clock.

You Would Give Considerable To Be Relieved of Your Rheumatism

Refreshing Independence.

The Ravenna Republican, organ of the Republicans of Portage county where they have been known to elect a Democrat to office when so popular as to overcome party prejudice, does not permit itself to become so blinded by partisanship that it can not speak well of a Democratic state administration and express its honest conviction that there is a mission for the administration to perform for the general good. The Republican says:

"Ohio can not afford to spare Governor John M. Pattison, and it is to be hoped that his strength will soon prove equal to the duties of his office. It is not necessary to unqualifiedly endorse all of his suggestions in his inaugural when we say that it was a bugle blast for good government and a call for the sound and sensible administration of state affairs. We want Governor Pattison spared to hold the legislature in check and bring people to realize that it is time to stop favoritism and recklessness in public expenditures."

It is refreshing to read such independent expression of thought in the columns of a Republican newspaper published in so strong a Republican county as Portage. In the history of the party press of the state there has never been a time when so much independence has been shown as that witnessed in the late campaign and since it. The effect must be wholesome for public and party.

The Cincinnati Investigation.

The unwillingness of the Republicans in the House to give any assurance that the speaker would appoint trustworthy men on the committee to investigate the affairs of Cincinnati and Hamilton county, is responsible for the independent action of the Democrats of the Senate in that direction, as previously outlined in our correspondence. At all times the Democratic Senate had the upper hand in this matter, but was willing that a joint investigation should be held if the Republican House would give any assurance that its participation therein would be sincere and honest. The House declined to go on record and therefore the Senate proceeded on its own responsibility and appointed a committee that will make the far fly when it gets down to business. If Republicans don't want to serve on it they are at perfect liberty to make themselves conspicuous by their absence, and the investigation will proceed just the same. There need be no worry regarding the expenses to be met, notwithstanding there is no appropriation for the committee. The people of Cincinnati will take care of the expense account, the committee will have full authority to summon witnesses and produce documents and the investigation will undoubtedly be a thorough one. The Republicans will regret before it is ended that they refused to co-operate.

Senators Spooner and LaFollette of Wisconsin walked arm-in-arm when the latter was sworn in as member of the senate, but they have soon reached a disagreement over patronage in their state, and each has in turn held up in the senate the appointment of a friend of the other, but for all that they possess winning ways of marring each other's hatred they may some day catch onto the Foraker Dick idea worked out to what the junior

Liquid or tablets, 100 Doses One Dollar.

Ohio senator would call "the accomplished results," or a working agreement on patronage.

Colombia has again renewed her demand for recompense from the United States because of the separation of Panama and its erection into a state in a single night from which a canal treaty was secured. Uncle Sam is having trouble enough just now over the canal to keep him busy, so Colombia will hardly expect a recognition of its demand with the haste Uncle Sam exercised in recognizing the republic of Panama and securing its independence.

DOLLIVER'S STORY.

Senator Dolliver of Iowa tells of a time when he was a school teacher in Illinois, and knew two young fellows who between them looked after a small railroad station. One was Billy Van Horne and the other was Charles Hayes. The former became a telegraph operator and before ten years was superintendent of the St. Paul road. Now he is Sir William Van Horne, made a baronet because of the wonderful ability he displayed in rescuing the Canadian Pacific from its moribund condition. Hayes is now head of the Southern Pacific at a very large salary.

RELICS

Of Theodore Thomas Rejected by Chicago's Art Institute for Lack of Artistic Value.

Chicago, Feb. 9.—All the personal art relics of the late Theodore Thomas have been removed from the Art Institute at the request of officers of the institute, which, with the Anti-Quarian Society, considered their artistic value too low to permit of their remaining in the antiquarian rooms. As a consequence the Theodore Thomas collection, priceless because of associations, as well as valuable for intrinsic worth, is homeless, and doubtless will be taken away from Chicago altogether.

Nine batons of the great musical conductor, some of them marvelous examples of the goldsmith's art and mounted with precious gems, are in the collection. Gold and silver loving cups and various other tributes to the genius of Theodore Thomas are in the lot of rejected relics.

"Talk to Us About Real Estate."

Some body some where has real estate that you want to buy.

Some body some where wants to buy the real estate you have to sell. What do you want to buy? What do you want to sell? Let your wants be known and we will do the rest. By the way, have you any farms or city property that you want to exchange? As for fire insurance we have the best of the day. We have many real estate bargains listed now. Come and talk to us before you buy.

REES R. JONES,
7-412t Hibbert & Schaus Building.

DR. GLADDEN 70 YEARS OLD.

The Rev. Washington Gladden celebrates his 70th birthday February 11, and he is still as firm in his convictions and for his ideals as in his youth. Under the heading: "An Apostle of Applied Christianity," Mc Clure's magazine for February publishes a short editorial character sketch and a portrait of the clergyman.

Music Hall Bowling Alleys.

Music Hall Trojans go to Coshocton tonight for a contest with the team there.

Stewards of Columbus cancelled their date for the game scheduled for Thursday night. The game will be played next week.

At Vernon will be here one night next week for a contest with Music Hall Trojans. This game will probably be the league opener.

The Scrapsville team of Zanesville will roll a contest with the Ficker club next week. The game postpones from tonight.

Next Friday, Feb. 16, the management will give a 2-man tournament during the afternoon and evening. The contest will be a kind of a handicap, inasmuch that none of the known best bowlers of the city will be allowed to "double up." The best bowlers will have to choose partners from among the poorer bowlers. The entrance fee will be \$1.50 a man, or \$3 for the team. This will be divided as follows: first prize 50 per cent, second prize 25 per cent, third prize 10 per cent. Two per cent of the money will go given to the bowler or bowler who have each the highest score, lowest score, the most strikes and the most spares. The entrance fee also includes alley charges. Several teams have already entered and the tournament promises to be an interesting one. Entries close next Friday at noon.

The management is offering cash prizes for the high scores made in quince and ten pins. The first contest closes tomorrow night, and the second one commences Monday morning.

PROBATE JUDGE E. M. P. BRISTER TODAY RESUMED DUTIES OF OFFICE

The important office of Probate Judge of Licking county is now in full duty will swear to nothing in the time of justice. Day will be his Friday, February 9. W. A. Irvine, Republican, who has held the office for the past three years, stepped down to make room for his successor, Judge E. M. P. Brister. All day Friday he will give the people of Licking county a splendid administration of justice.

PROBATE JUDGE E. M. P. BRISTER.

day there was a constant stream of visitors to the office to congratulate the Judge upon his induction into the office, which he so efficiently and capably filled for one term some years ago. The administration of Judge Brister will be a strictly business one and he will give his undivided time and attention to the duties of the office. There will be few continuances of cases, and it will be the Judge's constant endeavor to render such service in his office as will be satisfactory to the entire people of the county. Judge Brister is a man of

that he will give the people of Licking county a splendid administration of justice. The Judge will have as his deputy, Mrs. Hannah Allen, widow of the late Judge D. A. Allen, who so efficiently filled the position of deputy during his former term of office. Miss Minnie Stunt, who was also with Judge Brister when he was in the office before, will act as assistant. Both ladies are thoroughly well qualified for the duties of their positions and will give excellent satisfaction, as is assured by their previous service.

ONE OF NEWARK'S MOST VALUED INDUSTRIES

The Vogelmeier's Brick Manufactory--Its Output the Last Year to be Increased--Some Reminiscent History of the Plant.

Among the successful manufacturers of Newark is the Vogelmeier Glass Company, The E. H. Vogelmeier Brothers, Brick Manufactory, Thomas Company, The Newark Real Estate and Improvement Company, The Water Works contractors, and all the new flat buildings, as well as many private residences in the city. The Vogelmeier Bros. have an investment in land and machinery of about \$100,000. They employ about 35 men and they paid out in wages last year over \$15,000. They manufacture 500,000 brick and sold and delivered the same amount during 1905. It is their intention to increase the plant about one-fifth more than their present capacity when the start is made for this year.

OHIO WOOL INDUSTRY

Figures That Make Suggestion For Licking County Sheep Raisers That May Be Profitable.

Out of the 124 million pounds of wool produced in the United States, the West was the source of eleven million. Ohio is seventh in number of sheep and eighth in number of pounds of wool. California with a smaller number of sheep produces more wool than Ohio. Ohio has 1,200,000 sheep. This state thirty years ago had over four million sheep. These figures furnish some basis in the way of profitable suggestion to Licking county farmers. It will be no mistake for our farmers to increase their present sheep flock. But they should not be increased with a grade of sheep that will yield a fleece of wool weighing from three to five pounds. Only sheep that will shear at least eight pounds annually should be kept on Licking county farms. It costs no more to feed a sheep a living eight pounds of wool than one giving but four pounds.

A petition containing 639,051 names is to be presented to the English parliament when it meets. It is against the vivisection of dogs, and it is seven miles long.

AMUSEMENTS

ALONG THE KENNEBEC.

"Along the Kennebec" a New England comedy, comes to the Auditorium Saturday, matinee and night. The piece is now in its third successful season and has met with popular approval wherever presented, and has been used as a text by two ministers in their sermons. The play is full of comedy hits. It is comedy that a girl or woman can laugh at and not blush at the same time. The burlesque scene in the third act between Zeke Dasher and Bunick Tubbs is said to be one scream from start to finish and five other comedy characters keep the audience in a happy frame of mind. All special scenery is carried for the production, and it is said to be strictly a scenic production from first act to last. Some pleasing singing and character specialties are introduced during the action of the piece, and "Along the Kennebec" sends its audience home feeling pleased and satisfied that "Along the Kennebec" had been in town.

THE LITTLE HOMESTEAD.

The scene of "The Little Homestead" the sterling rural drama from the pen of W. B. Patton, author of the "Minister's Son" which will be the bill at the Auditorium on Wednesday, Feb. 14, is laid in a New England village. All of the homely domestic environments surround the pretty and thrilling story, lending the needed touch of realism to a charming tale from life. The interior of the little homestead itself is a faithful portrayal of many another New England village. CITY SOLICITOR BOLTON

Files Injunction With the Court to Restrain the Board of Public Service From Making Any Further Payments to Water Works Engineer Davis or Permitting Any Further Continuation of His Services--The Solicitor's Petition Ably Covers Legal Questions Involved in the Water Works Controversy.

Frank A. Bolton, as City Solicitor, on behalf of the City of Newark, has commenced suit in the Common Pleas court against Milton M. Taylor, James McVeigh and Wm. C. Christian, directors of public service; Royal C. Hulse, city treasurer; Frank T. Maurer, city auditor, and Lewis K. Davis, city engineer, to restrain them from making any further payments to the water works engineer, and from permitting any further continuation of his services. The plaintiff says that on the 23d of May, 1905, the 17th of August, 1905, and the 1st day of December, 1905, Messrs. John P. Lamb, Sidney B. Livingston and Wm. L. Lick, who were then the Directors of the Public Service Board of Newark, executed written contracts with Lewis K. Davis to furnish plans and specifications, blank forms of contracts, etc., for the proposed complete water works system in Newark.

Plaintiff says that all the contracts involved an expenditure and obligation to expend for this work a sum of \$500; that the two first contracts involved an expenditure by the Board of Public Service for the work, labor and services of Davis, a sum of about \$12,000, and that the third contract involved an obligation and expenditure of Davis of \$1425.50; that none of the contracts were authorized by the City Council by ordinance or any action; that none of the contracts or the work, labor or services attempted to be contracted for were ever advertised for in any newspaper of general circulation in Newark, or anywhere else, and no bids were received for the work and were not let to the lowest bidder, but were contracted for a much larger sum than the work could have been obtained for as provided in the contract or any of them; that before the contracts were entered into by the Board of Public Service and L. K. Davis, the money necessary to meet the obligations was not in the treasury of the city nor otherwise appropriated for any other purpose; that no certificate was ever made or filed by the city auditor with the City Council of Newark, that the necessary money was in the treasury of the city to the credit of the fund from which it was to be drawn to carry out either of the contracts, or to pay the amount or any part of it required by each of the contracts.

That by reason thereof, the contracts are illegal, null and void. Plaintiff says that the contract of August 17, 1905, is illegal and void because the Board of Public Service had no legal right, or authority, to change, modify, alter or in any manner abrogate the provision of May 23, 1905, and that the contract of August 17 and the contract of December 1, are without consideration, as the same were fully covered by the former contract and the Board had no right or authority to expend of the money of the city the additional sum of \$1625.50 provided for in the contract of December 1, 1905.

Plaintiff says that the contracts are illegal because each of them attempted to delegate Lewis K. Davis the authority and power to make contracts with other engineers and, inspectors in the performance of the work on behalf of the city of Newark, and that the Board had no authority or power to delegate such authority to Davis.

Plaintiff says that the contracts created authority of contract marked exhibit "A" Davis proposed plans and specifications and contracts for the construction of a complete plant and system of water works in Newark; that afterwards the Board of Public Service without any ordinance or otherwise of the Council attempted to change the plans, specifications and contracts, that were wholly incomplete and without filtration plant attached to be used in the system as was required by direct order of the State Board of Public Health. That of the making of the contract marked exhibit "B" L. K. Davis represented that the revised plans and specifications that he had prepared had been fully authorized by the State Board of Health, which representations were untrue, but on the contrary were against the express order of the State Board of Health, and the 1st day of the contract was therefore illegal and void.

That the then Board of Public Service, under the advice and influence of Davis, entered into a contract that had been prepared by Davis, with the American Light and Water Company for the construction of the partial water works system at a contract price of \$267,112.55, but the final cost of which will necessarily be considerably in excess of that amount. That by the contract and on behalf of the City of Newark, the specifications that were a part of the contract, the exclusive right was given to Davis to prepare the plans, specifications and contracts, and to be given Davis to finally execute the contract and finally decide all disputes and controversies that might arise out of the same between the Board of Public Service and any contractors, without any right reserved to the directors of the Board of Public Service.

That under the contract it became the duty of L. K. Davis to give his professional and scientific and expert knowledge and services to the supervision of the work, and to give to the same his own personal time and attention, and the time, attention and services of all other inspectors and engineering forces required for the necessary supervision and satisfactory execution of the work, and to see that the materials furnished and the work performed in the construction of the water works system was according to the plans, specifications and drawings.

Plaintiff says that since the execution of the contract Davis has taken charge of the work; that he has carelessly and negligently failed to discharge the duties and services for which he was employed in the contract, but that the same were performed by him and his subordinates in an unlawful, unskillful, improper and careless manner in this, to-wit: That he has approved estimates to the Board of Public Service of the contractor, "The American Light and Water Company, greatly in excess of the prices to be paid in such estimates for the work and materials mentioned therein; that he has approved an estimate or estimates for general grading greatly in excess of the amount contracted for, and also when the work in doing the same had never been authorized by the Board of Public Service; that he approved estimates for work and material used in excess of the amount called for in the contract, and that the estimate did not show that the materials had been delivered on the ground, and the work done in accordance with the plans, specifications, and drawings.

That Davis allowed the concrete foundations to be put in by the contractor in a manner contrary to the specifications; that the materials were not of the kind called for; that he changed the plans of the power house without the authority of the Board of Public Service; that the contract called for 24 inch tiles that they should have been 12 inch tiles; when they were only 2 inches thick; that Davis accepted the tile and approved an estimate, knowing that they were not according to specification. That Davis allowed defective water pipe to be shipped and distributed upon the streets, contrary to contract, allowed all material to remain on the ground for more than 24 hours after the same had been rejected, contrary to the plans, specifications, etc. That either by his carelessness or lack of knowledge the original plans for the power house had to be changed in order to place therein machinery for the operation of the plant, and that by this lack of skill or carelessness, has caused, and will continue to cause, a large extra expense to Newark. Many other breaches of contract are specified, and it is claimed that Davis, by his acts has worked great injury to Newark, and that if permitted to continue in the service of the city will continue to cause irreparable injury to Newark.

The present Board of Public Service for the reasons stated are ready and willing to discontinue the services of Davis if they can do so, but if not restrained, they may continue to retain his services and pay out of the treasury of the city, by the aid of P. T. Maurer, city auditor, and Royal C. Hulse, city treasurer, money to Davis, thereby doing great damage to the city, and the illegal waste of its revenue and money.

Plaintiff asks that Lewis K. Davis be restrained from performing any further service under any of the pretended contracts, or from attempting to carry out any of the terms of the same. Also that the members of the Board of Public Service be restrained from retaining and paying for the services of Davis or other persons employed by or through him from carrying out or attempting to carry out any of the terms of the pretended contracts with Davis, or receiving any estimates made by or approved by Davis or his employees; that the

Board of Public Service and P. T. Maurer, city auditor, and Royal C. Hulse, city treasurer, be restrained from paying any money to Davis or persons employed by him, under the contract until the final hearing, and that on the final hearing the contracts be declared illegal, null and void, and that the members of the Board of Public Service be enjoined to finally discontinue the further services of Davis and his employees, and that the injunction be made perpetual, and for all other relief that he may be entitled to.

The injunction as prayed for was granted by Judge C. W. Seward.

Can you believe your senses? When two of them, taste and smell, having been impaired, if not utterly destroyed by Nason Catarrh, are fully restored by Ely's Cream Balm, can you doubt that this remedy deserves all that has been said of it by the thousands whom it has cured? It is applied directly to the effected sinuses and begins its healing work at once. Why not get it today? All druggists or mailed by Ely Bros., 55 Water Street, New York, on receipt of 50 cents.

SMYSER SAYS SHE'S IN EUROPE

BUT IN WOOSTER THIS THEORY IS NOT BELIEVED BY ATTORNEYS

Regarding the whereabouts of Mrs. Grace Taggart whose divorce case comes up next week.

Wooster, Feb. 9.—Representative Martin L. Smyser of Wooster, O., has continued the story of a recent class of Mrs. Taggart, wife of the army officer, who obtained a divorce last summer, has been abroad with her two boys.

"I told the story in the Enquirer," said Mr. Smyser, who represented Mrs. Taggart as counsel, Thursday of noon, and have every reason to believe it is correct. As a matter of fact I saw Mrs. Taggart in Paris, where she is, in Europe, I have no doubt.

"Does she expect to return to Ohio soon?"

The Representative's eyes twinkled as he replied, "You may see in saying that she will not, to those when the appeal comes up next week. I doubt if she returns for a long time."

This means, of course, that Mrs. Taggart intends to remain outside of the jurisdiction of the court, which passed judgment on the case and enjoined her from taking her children away. Thus there will be no chance to remove her for any alleged contempt.

Mrs. Taggart is determined to retain possession of her boys despite the order of the court, and although she may not homesick abroad, she will not run the risk of being hauled before Judge Mason for disregarding his order. She expects to spend considerable time in Paris and to give her sons the benefit of a liberal education. This she can afford to do, because her income somewhere between \$5,000 and \$6,000 a year.

ATTORNEYS LAUGH AT THE STORY OF MRS. TAGGART BEING IN EUROPE—Judge Smyser's Plans.

Wooster, O., Feb. 9.—While it may be true that Mrs. Grace Taggart is in Europe, Captain Taylor and the other attorneys here say that so far as they know she will be here next week when the case comes up in Circuit court. Judge Smyser, chief counsel for Mrs. Taggart, who is in Congress, sends word that he will leave for Wooster on the first train after attending the wedding of Miss Roosevelt and Mr. Longworth. He has asked that the case be set early in the week. Judge Frank Taggart, who was Captain Taggart's first attorney, has been asked to be relieved from sitting on the case. The attorneys laugh at the idea of the fair divorce being in Europe.

SWISHER BROS.

(Continued from Page 1.)
the insurance carried on the stock would cover barely half of the loss. Mr. Gouss could place no estimate of the loss sustained by Mr. Cherry and did not know the exact amount of insurance carried.

MRS. M'FARLAND

Entered Burned Building and Recovered Valuable Books From the Third Floor.

One of the numerous acts of bravery at the fire Friday morning was that of Mrs. M'Farland, forewoman of the third floor. Mrs. M'Farland keeps the time for all the clear rollers on that floor and has many valuable books in her desk. She entered the building at a quarter of seven while the firemen were still at work, and climbed the stairs, where the water was flowing in a stream.

It was with difficulty that she made her way to the top floor accommodation by one of the firemen. She made her way across the charred floor where the burned boards were noticed to give beneath her weight. She went at once to her desk and removed the books and papers and after handing them to a newspaper man who was with the party, she descended the steps to the ground floor.

The floor was covered with water several inches deep, but this evidently had no terrors for Mrs. M'Farland, whose only thought was to get the valuable books which were in her desk. The steps where the brave woman ascended were covered with charred bits of wood so that it was almost impossible to see where the foot was to be placed next. Mrs. M'Farland has been employed in the

This perfectly natural change in a woman's life is too often accompanied by painful, distressing symptoms due to female troubles and slight irregularities in her delicate organism.

The woman who passes this change without the development of tumors, cancers, or chronic invalidism enters a new field of happiness and usefulness in the domestic circle and in social activity. Her physical system should receive the necessary assistance at this critical period.

Lydia E. Pinkham's Vegetable Compound

Is exactly suited to woman's needs at this time. It strengthens and cures all derangements of the female organism, it overcomes the hot flashes and dizzy fainting spells, and all other distressing symptoms.

I Was in Bed for Three Weeks

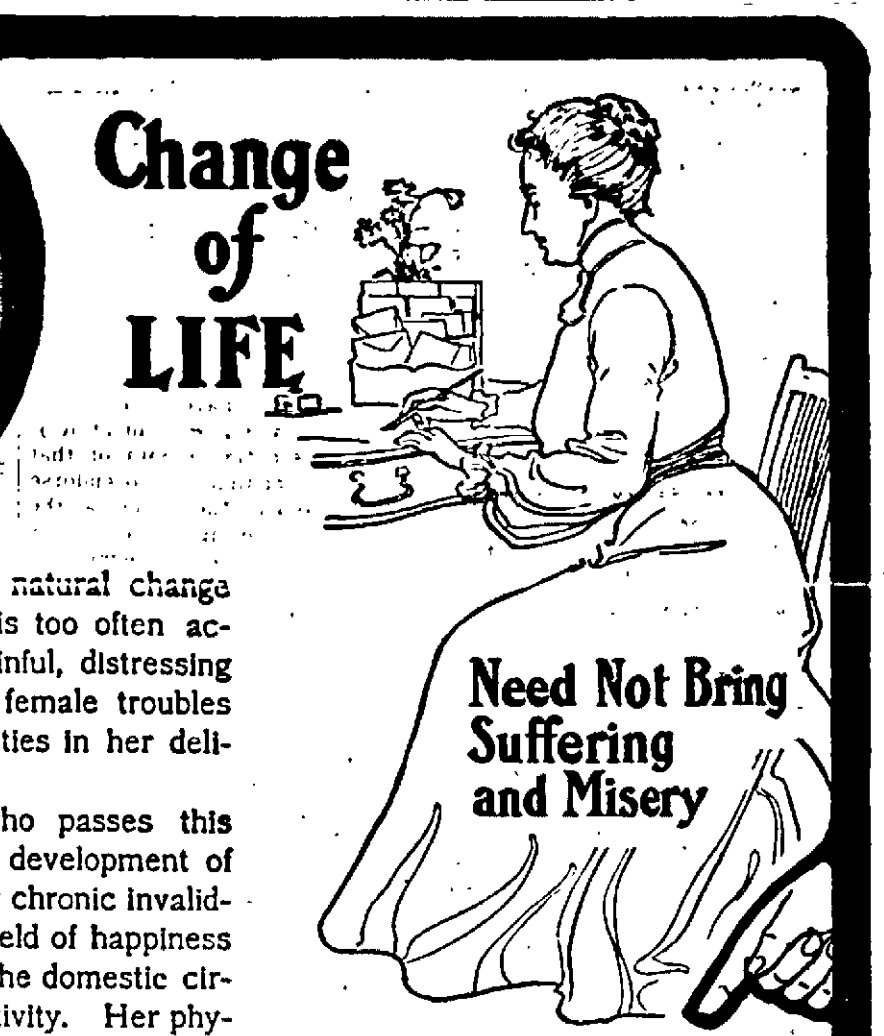

DEAR MRS. PINKHAM:—I suffered a great deal during Change of Life. For eleven weeks I had hemorrhages and it made me so weak I was in bed for three weeks. I began taking Lydia E. Pinkham's Vegetable Compound, although it was against my doctor's will and I had to hide it. I took it regularly until I had taken five bottles, and it brought me out all right, a perfectly strong, well woman. Any one can tell how healthy I am by looking at my picture, and any one can write to me or my daughter about our wonderful cures.

Mrs. F. M. Muzhrush, East Chicago, Ind.

The whole secret of safety at this time of life is thorough preparation before the change begins. Fortify the system with a course of Lydia E. Pinkham's Vegetable Compound. This wonderful medicine has carried thousands of women through this danger period.

No such helpful advice to women who are sick can be had anywhere as will be received free by addressing Mrs. Pinkham, Lynn, Mass. Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham, and for twenty-five years under her direction, and since her decease, she has been advising sick women free of charge.

Lydia E. Pinkham's Vegetable Compound Cures Where Others Fail

Change of Life

Need Not Bring Suffering and Misery

Is exactly suited to woman's needs at this time. It strengthens and cures all derangements of the female organism, it overcomes the hot flashes and dizzy fainting spells, and all other distressing symptoms.

DEAR MRS. PINKHAM:—I suffered a great deal during Change of Life. For eleven weeks I had hemorrhages and it made me so weak I was in bed for three weeks. I began taking Lydia E. Pinkham's Vegetable Compound, although it was against my doctor's will and I had to hide it. I took it regularly until I had taken five bottles, and it brought me out all right, a perfectly strong, well woman. Any one can tell how healthy I am by looking at my picture, and any one can write to me or my daughter about our wonderful cures.

Mrs. F. M. Muzhrush, East Chicago, Ind.

The whole secret of safety at this time of life is thorough preparation before the change begins. Fortify the system with a course of Lydia E. Pinkham's Vegetable Compound. This wonderful medicine has carried thousands of women through this danger period.

No such helpful advice to women who are sick can be had anywhere as will be received free by addressing Mrs. Pinkham, Lynn, Mass. Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham, and for twenty-five years under her direction, and since her decease, she has been advising sick women free of charge.

Lydia E. Pinkham's Vegetable Compound Cures Where Others Fail

PIANOS

Greatest Piano Event in the History of Newark.

A. B. Smith of Akron Ohio's biggest piano dealer has come to Newark on his fourth annual visit, and has opened a ten days' sale in the Glausinger & Rees tailor shop, 21 Second street, two doors below the Postoffice, where he will offer the people of Newark the greatest opportunity of their life time to purchase a piano at less than small dealers can purchase them at the factory, and on easy terms to suit your convenience.

Our stock comprises some of the world's most famous makes, every piano fully guaranteed.

Sharp, shrewd buyers will not let this opportunity pass unheeded for a visit to our store will soon convince anyone that they will never have another opportunity to buy a piano at the price that we are offering them. A visit necessary in order to fully realize and appreciate the low price and easy terms we offer.

A. B. SMITH,
21 South Second St., two doors south of Postoffice.
C. N. WILSON, Manager.

Cheapest accident insurance—Dr. Thomas' Electric Oil. Stops the pain and heals the wound. All druggists sell it.

PERCY STONE MAY GET WELL

The Newark Lad Who Was Injured a Week Ago in Zanesville Shows Remarkable Vitality.

Percy Stone the 12 year old Newark lad who was injured in a terrible manner last Friday in Zanesville, and who has been at death's door ever since, has shown a remarkable vitality, and the physicians on Friday evening gave hopes that he may get well.

The little fellow's grit and nerve were shown at the time of the accident, and if there is any chance at all these qualities will aid him in recovery. As soon as the car was stopped it was seen that the boy was under the front truck, one wheel resting on his mangled arm. It took twenty minutes to jack up the car and release him. As soon as this was done Percy started and with assistance walked half a block to a doctor's office. Here he said, seeming to realize the seriousness of his injuries, "I don't care what you do doctor, just so you don't cut my arm off."

The curiosity of a woman who examined some colored rock she noticed in San Bernardino county recently, resulted in the unearthing of a turquoise mine. It has just been sold for \$21,000 to C. W. Baldwin of New York.

The Earl of Halsbury who on the change of ministry resigned the chancellorship of England retires at the advanced age of 80 years on a pension of \$25,000, after he had received in 16 years \$1,000,000 in salary.

NEWARK WON AGAIN

The Newark High school basketball team added another victory to its already long string, when they defeated the Marion High school team at the "Y" gym Thursday night. The score was 16 to 26 and the contest was bitterly fought from the time the whistle sounded. Stater played the game of the evening for the Newark lads though every player was in the fight at all stages.

The Marion school is considered one of the strongest in the state and this is the first game they have lost. Newark has gone through the season thus far without having lost a game.

The German government profited last year over \$16,000,000 by its postal, telegraph and telephone systems.

BILL SIGNED BY GOVERNOR

Freiner's Two-Cent Fare Proposition Now a Law.

QUICK ACTION BY SENATE

County and State Salary Measures Make Their Appearance in Each Branch—Meck Launches Cigaret Bill—Investigation of Cincinnati Proceedings of Legislature.

Columbus, O., Feb. 9.—Governor Pattison has signed the Freiner two-cent fare bill and the measure is now a law, becoming effective March 10. It passed the senate by unanimous vote. Under the provisions of the bill the two-cent fare shall apply for all distances in excess of five miles. The fare for one and two miles will be five cents, for three and four miles 10 cents and for five miles 15 cents. It must be either five cents or a multiple of five for distances less than five miles.

Meck's senate bill, abolishing the right of the board of review to fix the school levy in city school districts, was passed by the house.

The house passed the bill of Reynolds of Cuyahoga, prohibiting advertising for labor to take the place of strikers or locked-out employees without making this condition of affairs plain in the advertisement. It also prohibits the employment of non-commissioned guards or police in or about places where a labor difficulty exists.

House resolutions offered: Mr. Hill of Columbiana, constitutional amendment, providing that after 1905 all persons desiring to become voters in the state of Ohio must be able to read and speak English; Mr. McCord of Columbiana, requesting congress to pass a bill to consolidate the third and fourth class rates of postage at the new rate of one cent for each two ounces or fraction thereof.

The house taxation committee reported the inheritance tax bill by Reed of Wood, raising the exemption to \$10,000.

Bills passed by house: H. B. Mr. Roll, authorizing county commissioners to contract for concrete substructures for bridges; under present laws they are limited to iron. H. B. Mr. Pumphrey, correcting and strengthening the "notice" section of the two-mile assessment road law.

Salary Bills. Representative Ervin of Meigs, launched a proposition fixing salaries of state officials as follows: Governor, \$8,000; secretary to governor, \$5,000; executive clerk, \$1,800; adjutant general, \$4,000; lieutenant governor, \$1,500; supreme court judges, \$7,000 each; supreme court reporter, \$4,000; secretary of state, \$6,500; state treasurer, \$6,500; state auditor, \$6,500; attorney general, \$6,500. No other remuneration to be allowed.

Salary bills for county officers were introduced by Irvin of Preble, whose highest salary is \$11,000 for auditors and by Harper of Summit, who provides salaries which in 61 counties are the equivalent of the present receipts from fees.

Representative Van Dusen of Huron, fosters a measure to establish a state board of registration and examination for civil engineers and surveyors and to regulate the practice of civil engineering and surveying in Ohio. This board is self-sustaining. Gets fees of applicants.

House bills introduced: Mr. Stockwell of Cuyahoga, providing that pawn brokers may loan on chattels at 1-1/2 per cent per month; same, to prevent member of medical school faculties being member of board of state medical examiners; Mr. Tinker of Ross, to prevent horse racing, base ball, etc., on Memorial day; Mr. McGinnis of Shelby, sundry appropriation bill, carrying \$585,000 for common schools; Mr. Harper of Summit, salary bill, leaving 61 counties as they are at present on the fee system; Mr. Woodburn of Union, appropriating \$2,200,000 for support of the common schools, the amount raised by annual levy.

Tobacco and Cigarets. Senator Meck introduced the new cigarette bill. It seeks to regulate the sale and use of cigarettes, cigars and tobacco. It provides a penalty for dealers who sell to minors attending school, \$50 and 30 days maximum penalty. Minors using same \$10 and five days maximum penalty. Parents and guardians may allow use about home.

Senate bills introduced: Mr. Mathew of Summit, to repeal the Longworth act regulating the manner in which constitutional amendments are to be placed on the ballot; Mr. Meek of Montgomery, to amend Burns law, providing that city councils cannot contract indebtedness unless the funds are in the treasury and by extending it to township trustees, boards of education and county commissioners; Mr. Howe of Cuyahoga, providing for quadrennial boards of assessors to appraise real estate to be appointed in wards and townships by county auditor, not to exceed in number the number of wards and townships.

Senator Gayman of Franklin, offered a resolution memorializing the president to negotiate a treaty with Great Britain for the preservation of Niagara Falls.

The proposition of Representative Roberts, prohibiting roller skating and dancing in halls where liquor is sold, was killed in the house. Vote, 53 yeas, 47 nays.

QUIT WORK.

Ten Thousand Miners Demand Adjustment of Grievances.

Punkatowney, Pa., Feb. 9.—At a mass meeting here of miners employed by the Buffalo, Rochester and Pittsburgh Coal and Iron company, the Jefferson and Clearfield Coal and Iron company and allied concerns, with headquarters here, it was decided unanimously not to go to work again until all grievances between the men and the companies have been adjusted. A meeting was also held at Reynoldsville, where the miners of that district voted unanimously to endorse the action taken by the miners at the Punkatowney meeting. The miners claim that the Altoona agreement is being violated to even a greater degree than in November and the resolution calls for the suspension of work until a guarantee is given that the Altoona agreement will be lived up to in every respect. Ten thousand men are affected.

Consul Taigny Talks.

Washington, Feb. 9.—M. Taigny, French charge at Caracas, Venezuela, left Washington for New York whence he will sail Saturday for Paris. In an interview he said: "It is impossible to maintain satisfactory relations with a man like Castro. His chief object is to get money, no matter from where or in what way." When asked what he thought of an invasion of Venezuela by a French army, M. Taigny shrugged his shoulders. "It is an extremely difficult country to fight in," he said. "The country is very mountainous and though Caracas is from the coast only nine miles as the crow flies, the road to the capital is about 25 miles and easily defensible. The people love nothing more than a fight. France is not likely to embark on such an expedition as long as she can use other remedies."

Anthracite Miners.

Wilkesbarre, Pa., Feb. 9.—The anthracite scale committee of the United Mine Workers went into session here. There was a large attendance of officers from the various mining districts throughout the hard coal region. Six requests are to be made when the miners' delegates and the railroad and mine officials meet. They are as follows: An eight hour day for the company hands; a trade agreement with the operators; slight increase in wages for all classes in and about the mines; uniform scale for rock, slate, water and all other kinds of dead work. An effort is also to be made to have the questions of an improved conciliation board and the weighing of all coal, embodied in their demand.

In Honor of Army and Navy.

Washington, Feb. 9.—President and Mrs. Roosevelt gave a reception in honor of the army and navy. It was the last of the evening levees at the white house for the season and was largely attended. Invited to meet the guests of the evening were the diplomatic corps and congressional, official and residential society. At 9 o'clock President and Mrs. Roosevelt entered the blue room, while the marine band played the national anthem. In the receiving line were the members of the cabinet and ladies, while the list in the blue room included a large number of persons. Admiral Dewey headed the line of callers and was followed by Lieutenant General J. C. Bates, head of the army.

Holds Up Gas Ordinance.

Chicago, Feb. 9.—The city council in a special meeting passed the ordinance directing the gas companies of the city to furnish gas to consumers at 85 cents per 1,000 feet. At present some consumers pay \$1.00 per thousand and others pay 80 cents. The ordinance will not become operative at once for the reason that Mayor Dunne has declared in favor of 75 cent gas and has declared that he will not sign the 85 cent ordinance until he has investigated the operation of the gas plants in order to determine whether or not they can furnish gas at 75 cents or less, and still make a profit.

Wanted in Austria.

Chicago, Feb. 9.—A man declared to be Rudolf Shoppek, wanted in Vienna for the embezzlement of 90,000 crowns of the Austrian government funds, was arrested here. Shoppek was taken into custody on a warrant sworn out before United States Commissioner Foote by Alex Huber, Austrian consul in Chicago. According to Shoppek while employed as clerk in the government postal savings bank in Vienna. The prisoner denies that he is Shoppek or that he is guilty of any crime.

Railway Sold.

Hutchinson, Kan., Feb. 9.—L. E. Walker, president of the Texas Southern railroad, and agent for the sale of the property which is in the hands of a receiver, sold the road to eastern capitalists. It is said the price was one and one-half million dollars. The road runs from Marshall to Winsboro, Texas, a distance of 71 miles, with branches, making a total of more than a hundred miles. It is said it is to be part of a proposed north and south road to connect Canada and the gulf.

Goes to Vladivostok.

St. Petersburg, Feb. 9.—Captain Baron Fersen, formerly Russian naval attaché at Washington, and lately commander of the Fourteenth naval equipment at St. Petersburg, has been appointed commandant of the port of Vladivostok, vice Admiral Greve, who has been relieved since the recent mutiny at Vladivostok. Captain Fersen's success in restoring discipline in the mutinous Fourteenth naval equipment is responsible for his selection for the difficult task at Vladivostok.

THIRTY LIVES EXTINGUISHED

Terrific Explosion Wrecks a Colliery In West Virginia.

BIG POCKET OF GAS LET GO

Dozen Men Escaped Alive, But a Number of Bodies Were Recovered Near the Mouth of the Mine and it is Almost Certain That All the Others Entombed Are Dead.

Charleston, W. Va., Feb. 9.—At least 28 men are supposed to have met death in a terrible mine explosion in the Paroll mine of the Stewart Collieries company, near Oak Hill, Fayette county. Thirty-nine men were employed in the mine and at this hour only eleven have escaped alive. A number of bodies have been recovered near the mouth of the mine and it is certain that all the others in the mine are dead. It is impossible at this hour to ascertain the exact number of miners killed. The mine has a capacity of 800 tons per day requiring about 60 miners, and inside men to operate when a full supply of cars were obtainable. The mine was not being operated in the full capacity and in addition some of the miners had come out and left for their homes. The explosion was followed by a low rumbling. No sooner had this occurred than experienced miners for several miles around realized by the trembling of the earth what had occurred and men, women and children made a wild rush for the mouth of the ill-fated mine. In a few minutes, hundreds of people were gathered at the top of the shaft and the greatest confusion prevailed. No one seems to have positive information as to how many men were in the mine when the explosion occurred and their names are not obtainable.

The explosion was terrific and it is thought that many of the miners were killed outright. The system of fans was completely wrecked by the explosion and all air was shut off from the mines, leaving the men who had not been killed by the explosion to smother. The mine is about 700 feet deep and the unfortunate miners had little chance of escape. Most of the miners caught in the mine are Hungarians or negroes who had little experience in mining. They were not expecting the pocket of gas which is nearly always discovered in mine faults in the Kanawha region.

The latest news from the scene of the explosion is to the effect that it was caused by the ignition of a body of gas in the western portion of the mine, which is badly wrecked. The men rescued were employed in the eastern portion and not exposed to the force of the explosion. Twenty-six men are still in the mine and all are supposed to be dead, in addition to one dead body recovered.

SUITS ADVISED

Against Hamilton and McCall, Formerly of the New York Life.

New York, Feb. 9.—A partial report has been made by the special committee appointed by the trustees of the New York Life Insurance company to investigate the affairs of the insurance company. This report deals only with the relations of Andrew Hamilton, the legislative agent, with the company, and is a severe arraignment of his methods. John A. McCall, late president of the New York Life, also comes in for a share of the committee's criticism. He is blamed for his methods in connection with the "bureau of taxation and legislation" during the last ten years and for allowing Hamilton to pay out vast sums without proper accounting. Special attention is called to remittances of \$10,000 to McCall in London and \$134,500 to Hamilton in Paris in 1900. The purposes of these remittances, the committee says, it has been unable to ascertain, and recommends that proceedings be instituted against Hamilton and McCall for an accounting or repayment.

Prather Explains.

Atlanta, Ga., Feb. 9.—John S. Prather, commander of Camp A. Wheeler's Confederate Cavalry, issued a statement in denial of stories that a resolution was offered to elect President Roosevelt an honorary member of Camp A. and that it "met with spirited opposition and was voted down." "The publication referred to is a flagrant misrepresentation of facts," said Colonel Prather. "I presided at the meeting and when the resolution was offered, attention was simply called to the fact that the by-laws of our association prohibit any honorary members and the resolution was withdrawn."

Earthquake in Michigan.

Calumet, Mich., Feb. 9.—Three apparent earthquake shocks were felt throughout the lake copper district. The most pronounced quake shook buildings considerably. Several air blasts have occurred at the Quincy mine lately, but the shocks were felt over such a wide area that it is not believed they were caused by air blasts.

Bank Failure.

Cleveland, Miss., Feb. 9.—The Bollen county bank, a state institution, failed to open its doors for business. Its assets are given at \$130,000, with liabilities of \$110,000. Inability to collect outstanding obligations is given as the cause of the failure.

Plea to Pie Verse Makers.

HERE I lie with my eye
That was quite some and dry.
Reading Archaic Poetry
"Ode to Pumpkin Pie"
In the Summerville Gazette.
And my eyes have been wet
Till my tears have run down
The golden crust.

On my word, I am tired,
And my eyes are quite tired;
Tis the hundredth time and no, the
hundredth time,
I have read, till my head
Pierced for poems of that bread,
But the poets of the childhood give us
pumpkin pie instead.

Then I lie and I cry
Out aloud and wonder why
All the sweetest of our poets find its
source in pumpkin pie.
Is there "death" in the crop
Naught but pumpkin is that they sow
Nothing else on Mount Parnassus or in
valley's down below?

In the fall when the fall
Of the harvest is past
We may hear and when the cornstalks
rustle mournfully on fall,
Is there "death" in the crop
And the yellow pumpkin top?
For it seems the pie verse makers, they
will never, never stop.

In the arena, in review,
Well, it seems they are about
Both the confidence of readers and the
patience of the muse.
For they stand with one hand
Holding out the pump on brand
Of pie imaginary, pointing back to Boy-
hood land.

Can it be they think we
All of both sides are men—
Must be spectators with pie time—pump
Up pie time—It is so
What we know, I am sure,
For our childhood days are through.
When the sunlight truly gleaming and the
skies were clear and blue?

So I say, poet, pray
Stay the ruthless hand, I pray!
If to give the fans' wanders, give the
apple right of way.
Mother hints she much milder,
She made apple and made milder.
Quite as good as that one pumpkin you've
been versifying since.

—J. W. Foley in New York Times.

Bobby's Answer.

Teacher—Now, Bobby, what animal gives furs to your mother in the winter?
Bobby—Father.—New York World.

A Difference of Opinion.

The teacher of an uptown school gave her pupils a little lecture on the evils of indulging in strong drink and especially on the damage it wrought to the human stomach, and she was much gratified by the attention and interest shown by the small listeners.

But the next morning she was confronted by a small boy whose insistent right hand quickly attracted her attention.

"What is it, Johnny?" she asked.
"Please, teacher," the small boy answered, "my father says that whisky is a very good thing for your stomach on a pretty cold morning."

And the teacher realized that part of her lesson had fallen on stony ground.
—Cleveland Plain Dealer.

"I don't know," answered the man who weighs his words. "I have never seen it tried."—Washington Star.

AGE EVIDENCE OF DISABILITY

Famous Order of the President Indorsed by the House.

IT PASSES THE PENSION BILL

Measure Also Put Through to Prevent "Leakage" in Several Departments of Government—Features of the Hepburn Railroad Rate Bill As it Comes From the House.

Washington, Feb. 9.—In the house the pension appropriation proposition, carrying \$139,000,000 for pensions and \$1,245,000 for pension administration was taken up, debated and passed without amendment. The feature of the bill aside from the appropriation made is a provision making statute law of the previous order of the president declaring age conclusive evidence of disability. A number of other bills were passed including one providing a penalty of \$5,000 and ten (10) years imprisonment for the premature revelation of government information which might have a bearing on the market price of commodities.

Only seven votes, which were cast by Republicans, were registered against the Hepburn railroad rate bill when it passed the house. The bill as passed provides that the interstate commerce commission may have the power to establish a just and reasonable rate after complaint has been made. The commission can not initiate rates. Thirty days' notice of a change in schedules must be given. A penalty of \$5,000 is fixed for disobedience of the orders of the commission. Appeal from the decisions of the commission are to be made to the supreme court. The commission may demand additional reports from common carriers. The commission is to be increased by two members, the term made seven years and the salary \$10,000. Witnesses may be compelled to testify in all cases.

Discrimination Alleged.
Washington, Feb. 9.—In the senate Mr. Tillman again made reference to the charge that the railroads in West Virginia were discriminating against the private coal mines and had read a letter from the governor of that state charging that the Pennsylvania company controlled all the trunk lines in West Virginia to the disadvantage of the state.

New Position.

Washington, Feb. 9.—Public Printer Stillings has appointed Dr. Wm. J. Manning to be medical director of the government printing office. The position is a new one. Dr. Manning will at once begin the equipment of an emergency hospital for the big establishment and will have direct charge among the employees that are there for treatment.

INTEREST CUT.

Foreign Creditors Register a Complaint Against Haiti.

Washington, Feb. 9.—The attention of the Washington government has been called to a recent action of the Haitian government which threatens to embroil that republic in a new quarrel with her foreign creditors. Finding that her bonds were selling below par, it seems the Haitian government has cut down the interest on these bonds to correspond to the market value of the bonds. Among the sufferers are the Italian claimants, and this matter was the subject of a long conversation between Secretary Root and Mr. Montana, charge d'affaires of the Italian embassy. The secretary will take up the matter with the American minister with Haiti in an effort to bring about a satisfactory settlement.

Justice Moves Swiftly.

Mount Holly, N. J., Feb. 9.—Rufus Johnson, the negro who was arrested in Baltimore about a fortnight ago charged with killing Miss Florence W. Allison, near Moorestown, N. J., on January 18, was placed on trial, convicted of murder in the first degree and immediately sentenced to be hanged two weeks from today. Because of the atrocity of the negro's crime it was feared by the authorities that there would be a hostile demonstration against the defendant when he would be brought into court, but no unseemly incident marked the trial. Johnson, who had been in mortal fear of mob violence, sat unmoved throughout the proceedings. Johnson took the stand in his own defense and repeated the confession he made in Baltimore. He denied that he assaulted the woman and said he had no intention of killing her.

Russian Tax Scheme.

St. Petersburg, Feb. 9.—New taxes on commercial undertakings in Russia were created by an imperial decree. Hereafter all concerns are required by law to publish periodical reports and will be taxed 2 to 14 per cent of their net profit when it exceeds 3 per cent on the capital. If the profit is over 20 per cent a tax of 10 per cent will be imposed. Directors and managers will be taxed 1 to 7 per cent of their salaries and bonuses.

Church Burns.

Chicago, Feb. 9.—St. Paul's Methodist Episcopal church was destroyed by fire. The fire started in the basement from an overheated furnace. Loss \$125,000.

OHIO OHIO.

Live Intelligence of the Buckeye State.

Tri-Church Conference.
Dayton, O., Feb. 9.—At the session of the tri-church conference here which is seeking the union of the United Brethren, Congregational and Protestant Methodist denominations, the reports of committees were received. It may be considered as settled that the union will be effected and the only hitch apparent is as to the name the united denominations shall bear. Many names were proposed, the Gospel Christian church, the Christian church, the United Church of America. The last name is said to be the most generally accepted.

"J. N." to Rest Up.

Tiffin, O., Feb. 9.—J. N. Free, better known as the "Immortal J. N.," has returned home from his wanderings for the first time in over 10 years. He arrived, unheralded, in the little village of McCutcheonville and went to the home of his aged sister, Mrs. John Cooley. He was told that the old home is to be his so long as he desires to remain. Because of the growing edginess of hotel clerks and railway conductors toward his peculiar methods he seems disposed to accept the proffered hospitality and will stay at least until spring.

Indorsed for Judge.

McArthur, Feb. 9.—At a meeting of the Republican central committee held here, Otto E. Volkmann was unanimously indorsed for common pleas judge and authorized to select his own delegates. The selection of congressional delegates was referred to a committee of three. The county convention was called for August 11.

Signed With Cleveland.

Cleveland, O., Feb. 9.—Ralph Cadwallader, a pitcher in last year's Sioux City, Ia., baseball team, signed as pitcher with the Cleveland American league team. Howard Wakefield, a catcher in the Des Moines, Ia., club last season, also signed with Cleveland to play the same position. The club has 17 men already signed.

Charged With Murder.

Warren, O., Feb. 9.—Charles C. Delgen, a neighbor, who was arrested several days ago on suspicion of having murdered R. K. Lewis, who was slain in his home a few weeks ago, was formally charged with the murder. Delgen pleaded "not guilty" when arraigned in the mayor's court and was held to the grand jury.

Austrian Nobleman Killed.

Stenboville, O., Feb. 8.—M. Schormack, said to be an Austrian nobleman who had amassed a fortune in western mines, was killed by walking from a fast train on the Wabash railroad, bound from St. Louis to Pittsburgh. M. M. Schormack was returning to his native country when he met his death.

Bigamy Charge.

Wellsville, O., Feb. 9.—Charles Stewart, for several years connected with the Cleveland and Pittsburgh railroad here, is charged before the Mansfield grand jury with being a bigamist. He married Miss Bismar of this city 18 months ago and six weeks ago, it is charged, Stewart married a girl at Shelby.

Brakeman's Fate.

Dennison, Feb. 9.—John W. Jones, 29, a Panhandle brakeman, was knocked from a train by an overhead bridge here and was run over by a train on another track. The body was frightfully mangled.

Auditor Sued.

Canton, O., Feb. 9.—Prosecutor Upham has begun suit against County Auditor Oberlin for the recovery of \$1,600, which, he alleges, was illegally drawn from the county treasury.

Farmer Killed in Fight.

Ironton, O., Feb. 9.—In a fight between Andrew Dirker, a wealthy farmer, and Robert Copley here the latter struck Dirker with his fist killing him instantly. Copley was arrested.

Independent Glass Men.

Cleveland, O., Feb. 9.—The independent glass manufacturers' organization committee met here and decided to discontinue all efforts to form a selling company.

Case of Senator Smoot.

Washington, Feb. 9.—The Senator Smoot case, so far as introduction of evidence by the plaintiffs is concerned, probably will be closed today. An announcement to that effect was made by John G. Carlisle, who has been prosecuting the case at the present session of congress. The defendant expects to call now when it will be ready to proceed. The hearing today dealt with alleged Mormon influence in business affairs and with the endorsement house ceremony. Three witnesses testified that they had taken the obligation administered and as they recalled it there was a variance in the form as it related to an agreement to avenge the death of the prophet.

Coal Merger.

Terre Haute, Ind., Feb. 9.—The merger of the Deering Coal company and the Consolidated Indiana Coal company was announced here. The Deering company controlled sixteen mines in Indiana and Illinois and the Consolidated company owned ten mines in Sullivan county, Indiana. The merger concern will be known as The Deering Coal company. R. R. Hammond will continue as president and J. K. Dwyer as vice president. Carl Scholts, who was president of the Consolidated company, will be second vice president of the new concern. The property of the Consolidated company is valued at two million dollars.

CURES INDIGESTION

When what you eat makes you uncomfortable it is doing you very little good beyond barely keeping you alive. Digestive tablets are worse than useless, for they will in time deprive the stomach of all power to digest food. The stomach must be toned up—strengthened. The herb tonic—active.

Lane's Family Medicine

will do the work quickly and pleasantly. Sold by all dealers at 25c. and 50c.

Some Facts About Borax

BORAX is not harmful
BORAX is not manufactured
It is a natural product of the earth
BORAX is not a secret preparation

MYSTERY DEEPENS AROUND DEATH

OF THE YOUNG DAUGHTER OF
CHICAGO'S MEXICAN
CONSUL.

A Young Dentist Brought Into Case,
International Law May Block
Further Investigation.

Chicago, Feb. 9.—Dr. Elmer L. Lampert, a young dentist with a large practice among South Side society people, was brought into the Mercedes Berriozabal scandal Thursday when it developed that the daughter of the Mexican consul had for the past six months been making weekly trips to the dentist's office in the Venetian building for the purpose of having work done upon her teeth. He professed absolute ignorance of the 15-year-old girl's condition which led to her death and asserted that at no time had he given her gas or drugs. Failure of the police to learn the means by which the young girl was brought to her death has given rise to the story that great efforts are being made to conceal the facts in the case, which facts, if known, would reveal a "scandal shaking aristocratic Hyde Park to its foundations." The police and coroner declare they will work until the entire story is revealed.

Inspector Hunt received an intimation that international law may be resorted to as a shield to protect members of the Berriozabal family from further examination by the police in their search into the past life of Mercedes. The hint that he is believed to be overstepping the bounds of courtesy accorded consular representatives and their families was given the inspector by a friend of the Berriozabal family. It may result in the abandonment of the plans to press for further information among her relatives on the habits of the dead girl.

The father, for the first time since the trouble came on the family, spoke freely. Exhausted by grief he lay in bed, sick in body and spirit. "No one can shake my belief that Mercedes was innocent of any part in wrongdoing," he said. "I believe the doctors have told the truth and still I have my convictions. I tried to ascertain if Mercedes had ever eaten candy, which might have been drugged, or if she had drunk anything that produced peculiar effects. She said she had not."

"Still she was alone down town at times and sometimes she went to school alone and came home alone. She went nearly every week for the past six months to Dr. Lampert, in the Venetian building. We had and still have perfect confidence in Dr. Lampert, but who can tell what may have happened to the child going and coming from there. All I know is that she could tell us nothing, because she knew nothing. And I believe she told the truth."

Scalds, itching skin, heads, cuts or burns without a scar. Cures piles, hemorrhoids, salt rheum, any itching. Doan's Ointment. Your druggist sells it.

GOOD REPORTS WERE HEARD

At the Second Day's Session of the Women's Suffragists Convention in Baltimore.

Baltimore, Md., Feb. 9.—At the second day's session of the annual convention of the Woman's National Suffrage Association the report of the treasurer was read by Mrs. Harriet Taylor Upton, of which the following is an abstract:

Receipts, including last year's balance, \$28,322.98; disbursements, \$16,564.87; balance, \$11,758.05.

The five states standing at the head in point of membership are: New York, Massachusetts, California, Nebraska and Iowa.

The five states contributing the largest amount of money to the treasury are: Pennsylvania, Oregon, California, Massachusetts and New York.

Among the states reported as having made decided gains in membership are Ohio, West Virginia, Kentucky and Michigan.

Mrs. Ida Porter Boyer, chairman of the committee on libraries, submitted a report which emphasized the need of practical bibliography.

Elvora M. Babcock, chairman of the press committee, in her report reviews the work done during the past year in the way of securing the publication of articles favoring woman suffrage in the newspapers of the country and the co-operation of numerous journals in furthering the cause.

The report concludes as follows: "Never before in the history of our organization has there been such a demand for advance matter relative to our convention as there has been this year."

At the afternoon session Mrs. Flor-

ence E. Kelley, chairman, of the New York, read the report of the committee on industrial problems. Several delegates participated in a discussion of "Women as Wage Earners," and "Children as Wage Earners."

Mrs. Ella S. Stewart read a paper on "Our Privileges," Mrs. Mary E. Cragie a paper on "Ignorance and Vice," and Mrs. Helen Loring Grenfell a paper on "The Political Balance."

The address of Mrs. Mary E. Cragie on "Ignorance and Vice" was a lengthy appeal including numerous statistics, to continue the effort to secure the ballot in order that an end may be put to the liquor business, the most hostile and dangerous foe which society has to encounter. She maintained that this evil could not be successfully met until woman had been clothed with the right to vote.

Closing up the Big Clothing Sale

MERIDITHS Mid-Winter Clearance Sale is Winding up—have you attended yet?

No?

Then you can't visit the big, new store too soon.

There are big bargains here now.

How long they will last we won't promise—it all depends on how fast the remaining bargains are snapped up.

Now let us make this point clear.

This is not a sale of Odds and Ends.

No Trash.

We started here last fall with a complete new stock and at the same time adopted the policy that the stock each season should be as fresh and as up-to-date as our first stock was.

Only one way to accomplish this—by not carrying over stock—clean it up each season.

This sale is our first Mid-Season Clearance Sale and it has been a record breaker, because we could offer our customers fresh, new clothing at the lowest of sale prices.
